GM Preferred Supplier Pricing for BIA (NAHB) Members

This new affinity program was launched February 3. Our new alliance with GM means member companies and their employees are now eligible to purchase or lease a 2004, 2005 or 2006 model-year Chevrolet, Pontiac, Buick, Cadillac, GMC, Saturn, HUMMER or Saab passenger car, light-duty truck, van or SUV at a price typically reserved for GM's select corporate suppliers. In most cases, they can save between \$2,000 and \$5,000. Most of our members should receive their discount card and other details via direct mail from GM soon — they will need that card to receive the discount. Any new members joining Jan. 3 will need to call GM at (866) 760-7070 to obtain their authorization number, 30 to 60 days after the start of their membership. More info and a list of participating dealers are available by visiting www.gmfleet.com/nahb
